About HOLOTEQ

- ✓ **HOLOTEQ** was established in 2008 by Eng. Nabil Atea with a target to be a **LEADER** in the MENA REGION Market by providing Smart Technology Solutions.
- ✓ **HOLOTEQ** is a world-wide technology solutions provider. We offer and develop creative solutions to make the consumer and the customer satisfied.
- ✓ **HOLOTEQ** believes in building long term relationships with customers and clients and provides exceptional customer services by pursuing business through innovation and advanced technology.

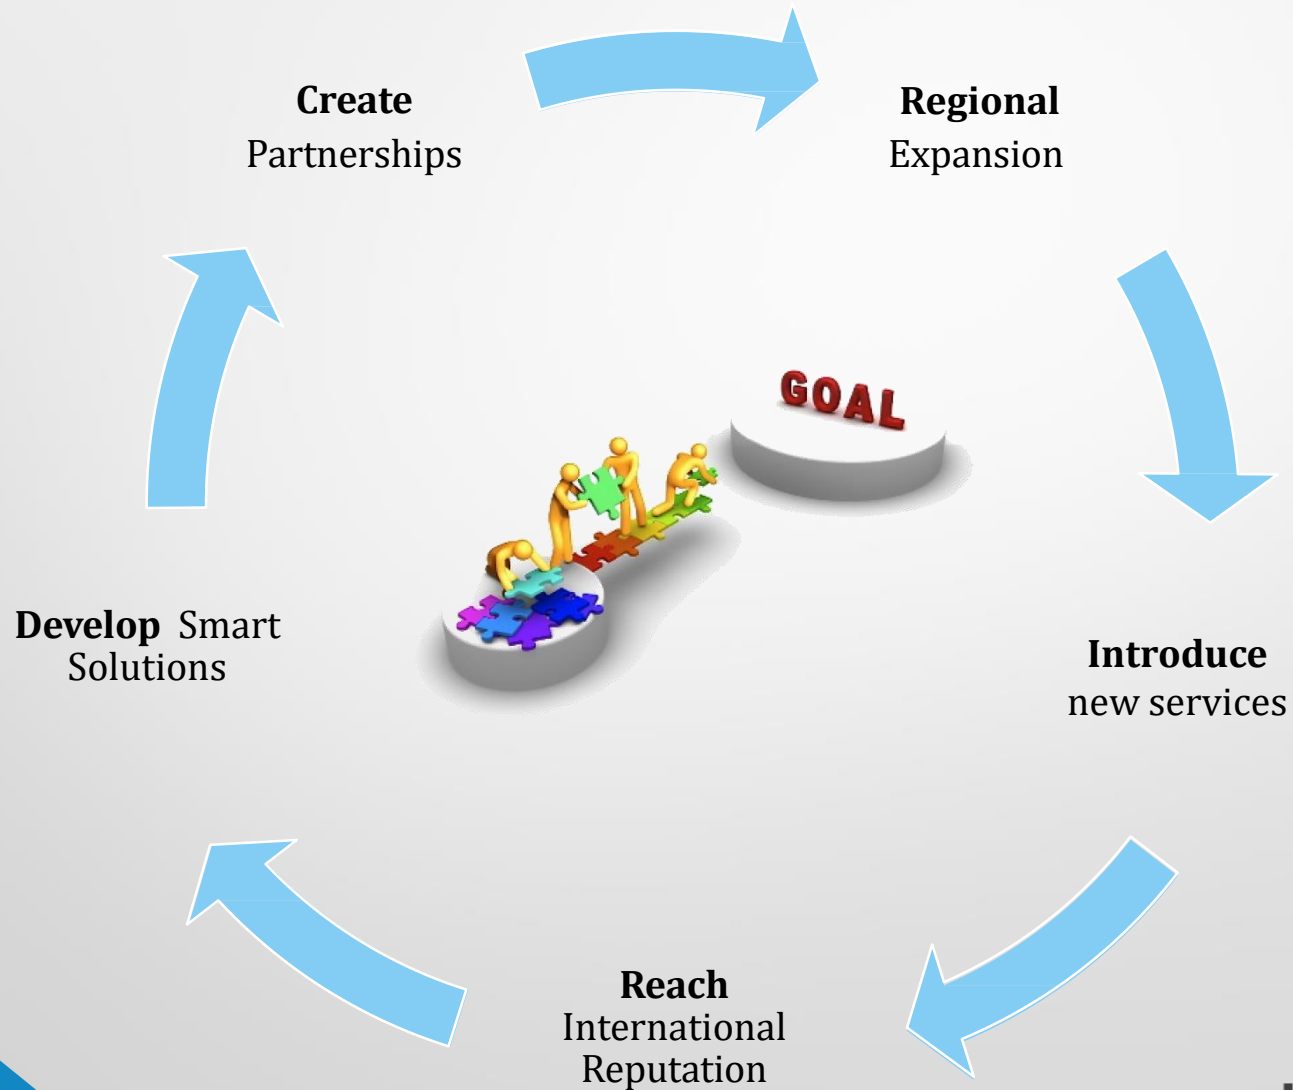

Who we are

- ✓ The team or “The Family” members working in the house “Company” have an International Experience along with a passion to create smart and new ideas/concepts.
- ✓ Our Family members believe in treating our customers with respect and faith.
- ✓ We grow through creativity, invention and innovation.
- ✓ We integrate honesty, integrity and business ethics into all aspects of our business functioning.
- ✓ Team Work and Creativity are our Strengths.

Why us

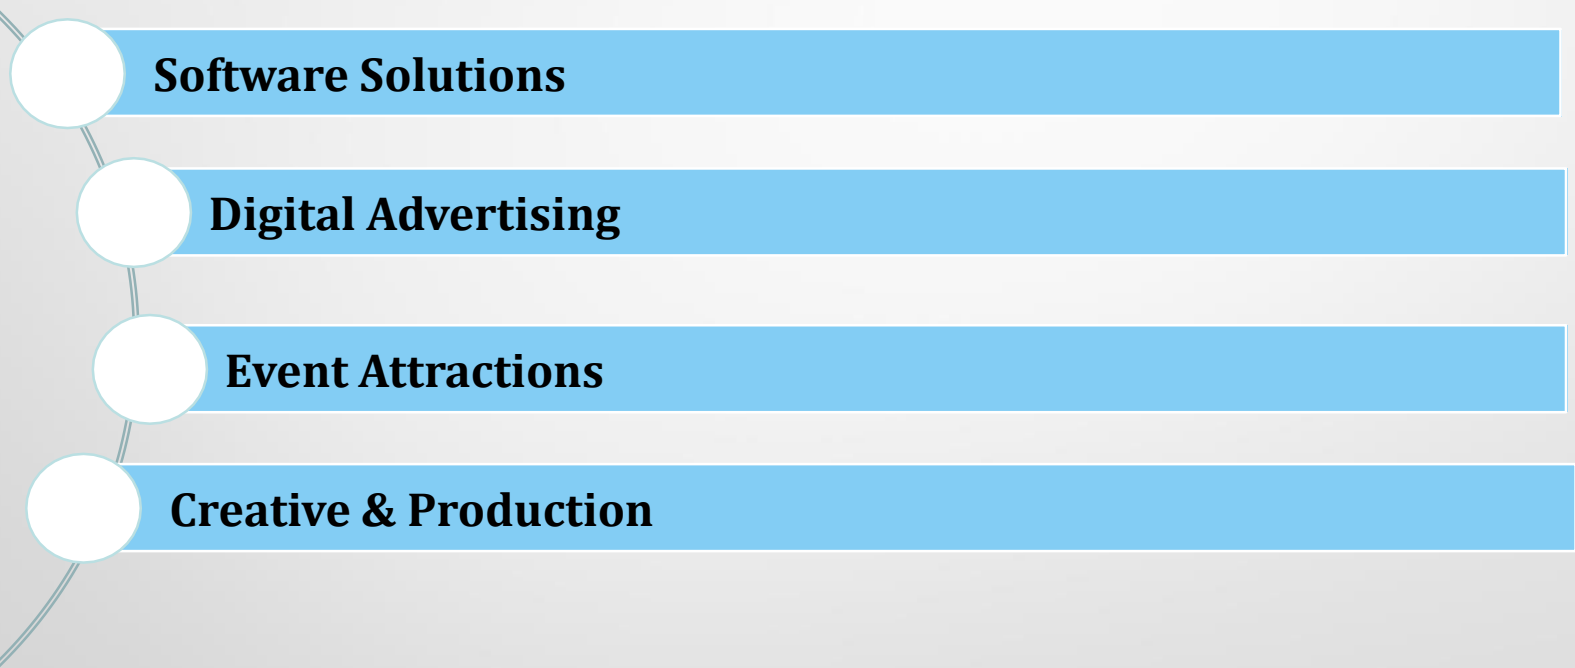

- ✓ We believe that our Company's foundation was build on integrity, client satisfaction, innovation and intellect, thus differentiating us from our competitors.
- ✓ When you choose to do business with expertise you are partnering with a company who cares to deliver world class service.
- ✓ We have participated in several philanthropically activities throughout the year because our aim is to also find ways to support our community.
- ✓ We are always looking for the brightest and most talented people around to join us in servicing our clients and community.
